About NFCD

National Co-Operative Construction & Development Federation of India Ltd. (NFCD) is an Apex Organization Under the Section 7 of the Multi State Cooperative Societies Act, 2002 (39 Of 2002) by the Central Registrar of Cooperative Societies, Under the Ministry of Cooperation, Government of India.

NFCD specializes in various sectors, including: Construction/Infrastructure Development, Solar/Renewable Energy, LED Street Lighting Systems, Water & Solid Waste Management, Project Management Consultancy, Water Pipeline Solutions, Engineering Procurement & Construction Contracts

Additionally, NFCD offers comprehensive services in the following areas:

Industrial Park Development, Manpower Recruitment and Contracting, Training & Development, Supply Chain Management, Drone Lab Establishment, E-Surveillance with IoT solutions, AI/ML (Artificial Intelligence/Machine Learning), Data & System Solutions (SI.), Urban Planning by Drone

Founder Chairman Shri Ram Iqbal Singh

Shri Ram Iqbal Singh's esteemed career in the cooperative movement spans over four decades, reflecting a legacy of dedication and leadership. As a board member of several National Cooperative Federations, he has played a pivotal role in shaping the cooperative landscape across various sectors in India.

His tenure as the Chairman of the National Cooperative Consumer Federation of India Ltd. (NCCF) for two consecutive terms stands as a testament to his unwavering commitment and strategic vision. His influential positions, including Director of the National Cooperative Union of India (NCUI), NAFED, and Cooperative Banks of India Ltd., have been instrumental in driving cooperative initiatives forward.

Leading the Cooperative Tourism of India Ltd. (Cooptour) as its Chairman, he has championed the integration of cooperative principles into the tourism sector. Currently, as the elected chairman of the National Film and Fine Art Co-operative Ltd., Shri Ram Iqbal Singh Ji continues to inspire innovation and collaboration within the creative community.

His profound contributions have not only enriched the cooperative movement but have also laid a strong foundation for future generations to build upon.

Chairman Shri Rajeev Singh

A distinguished tenure of 12 years in the cooperative sector, our esteemed Chairman, Shri Rajeev Singh, exemplifies visionary leadership and profound expertise. His service on the Board of various Multi State cooperative federations is a testament to his commitment to fostering cooperative principles across the nation.

Assuming the office of Chairman on the 16th of May, 2022, for a term of five years, Shri Rajeev Singh stewardship is marked by a dedication to excellence and a deep understanding of the cooperative movement's intricacies. His strategic guidance has been pivotal in steering the NFC D towards new heights of success and collaboration.

Under his guidance, the NFC D continues to thrive as a beacon of cooperative development, benefiting communities and contributing to the country's socio-economic progress.

Managing Director – Shri Surjit Lal

Shri Surjit Lal have illustrious career in various government departments from 1972 to 2011 is a narrative of dedication and exemplary service. His tenure has been marked by significant contributions in diverse roles within the Ministry of Commerce, Ministry of Home Affairs, and the Ministry of Food & Civil Supplies. His expertise also extends to Public Sector Undertakings (PSUs) and Aboard assignments, where he served with distinction for 39 years from 1972 to 2011.

Upon retiring as the Additional Secretary from the Ministry of Commerce, Government of India, Shri Lal ji continued to impact the public sector through his role as the Additional Director General of the Commonwealth Organizing Committee for Procurement from 2008 to 2011. His leadership and strategic insights also benefited the National Federation of Farmers' Procurement, Processing and Retailing Cooperatives of India Ltd, (NACOF) during his tenure as the Additional Managing Director.

As the Managing Director of the NFCD, Shri Surjit Lal brings a wealth of experience and a deep understanding of the cooperative sector, driving the organization towards achieving its vision and goals.

Executive Director – Shri Atul Varma

Shri Atul Varma, our Executive Director, is a distinguished professional with an impressive 23-year track record in the successful execution of turnkey projects from their nascent stages to their fruition. His domain expertise spans Renewable Energy, Waste to Energy, Waste Management, Skilling, and Information Technology, reflecting a career dedicated to sustainable development and innovation.

A Six Sigma Black Belt, Shri Varma ji is renowned for his exceptional ability to enhance process efficiencies and cultivate sustainable business models within leading organizations such as the Bharti Group, Microsoft, WNS, and notable entities like the Delhi and Bangalore International Airports. His commitment extends beyond corporate realms, as he has been a steadfast supporter of various multistate cooperatives over the years, contributing significantly to their growth and governance.

As the Executive Director of the NFCD, Shri Atul Varma vision and leadership continue to propel the organization towards achieving its mission, with a focus on cooperative excellence and community empowerment.

Executive Director – Shri Samrendra Pratap Singh

Shri Samrendra Pratap Singh career is a testament to his enduring commitment to the construction and labor industry, a journey that began in the year 2000. His profound association with the sector has been marked by a steadfast dedication to integrating eco-friendly technology and renewable energy solutions within the construction industry. For the past decade, his involvement in the cooperative sector has been pivotal, advocating for sustainable practices that align with the global shift towards environmental consciousness.

His leadership in organizing and spearheading skill development programs for construction workers has not only enhanced their expertise but also empowered them to contribute meaningfully to the industry's evolution.

As the Executive Director of the NFC, Shri Samrendra Singh vision for a greener and more efficient construction sector continues to inspire and drive innovation, ensuring that the cooperative sector remains at the forefront of sustainable development.

Vision & Mission

NFC D Vision

- NFC D: Building the Future, we don't just construct buildings; we create vibrant spaces that redefine living and working. Our diverse portfolio spans across various domains, showcasing our commitment to excellence:
- NFC D believes in continuous learning and growth. We strive to be the most trusted name in construction, meeting the expectations of clients, employees, and society. Our global outlook drives us to forge joint ventures with internationally reputed companies, enabling us to bid for specialized and mega contracts. Our goal? To leave an indelible mark on India's construction landscape.
- NFC D aspires to be the world's premier construction company, delivering projects and services to a global marketplace. Our track record speaks for itself—we consistently rise to the occasion, overcoming challenges and delivering exceptional work.

NFCD Mission

- NFCD has the resources, experience and expertise to handle any type of contract work. We believe that learning and growing never stops, and to achieve excellence, one must seek the best. That is why we have a sincere desire to partner with internationally reputed companies, to bid for specialized and mega contracts, and to create a unique position for ourselves in the construction industry and make PAN India.
- NFCD: Pioneering Excellence in Infrastructure
- At NFCD, we are more than just an infrastructure corporation. We are a professionally managed, innovation- driven entity with an unwavering commitment to quality. Our vision is to achieve greatness while ensuring absolute customer satisfaction.

Our Services

- Infrastructure Development
- Operations and Maintenance
- Engineering Procurement & Commissioning
- Power Sector: Generation, Transmission & Distribution
- Renewable Energy
- Waste Management
- IT & ITES ERP & Scada System
- E-Surveillance with IoT solutions
- Project Management Consultancy & Technical Support
- Manpower Outsourcing Solutions
- Skill Development Training
- Artificial Intelligence/Machine Learning

Infrastructure Development

The National Co-Operative Construction & Development Federation of India Ltd. (NFC D) is a renowned organization involved in engineering and construction projects. With its extensive experience and expertise, NFC D has made a significant impact on the construction industry in India. We have a team of experienced and qualified professionals who deliver high-quality and timely results to our clients. We are committed to customer satisfaction and social responsibility. We aim to create a positive impact on the society and the environment through our work.

What We Do

- Residential & Commercial Complexes:
- Institutional Complexes:
- Highways, Bridges & Plantation:
- Building Management Consultancy:
- Construction & Contract Management Services:

Operations & Maintenance

In today's global economy, meticulous budgeting and cost control are paramount. Our clients rely on us to provide comprehensive maintenance services for projects of all scales, aligned with their business objectives.

Here's how we ensure excellence and

safety: What We Do

- **Plant Site Management:** We oversee every aspect of your facility, ensuring seamless operations.
- **Planning & Scheduling:** Our meticulous approach minimizes downtime and maximizes efficiency.
- **Preventative/Predictive Maintenance:** Anticipating issues before they arise, we keep your assets running smoothly.
- **Professional Safety:** Safety is non-negotiable. We prioritize the well-being of your workforce and assets.
- **Stores/Spares/Integrated Supply:** Efficient inventory management for uninterrupted operations.
- **Craft Personnel & Supervision:** Our skilled workforce ensures quality workmanship.

Engineering Procurement and Commissioning

- NFC D in association with its Associate Members has the combination of global resources and proven engineering capabilities to deliver world class facilities to our clients while meeting their demanding business needs. Our proven, time-tested design approach is based on a logical sequence of processes that focus on stakeholder input and reducing redesigns that impact the cost and schedule.
- We provide a full range of services including EPC, grassroots facilities and revamps, offshore engineering, FEEDS and conceptual studies, start up and commissioning and logistics planning and simulation. Our key strength is the Quality Management and excellence in project execution.
- We specialize in executing complex projects across diverse sectors. Our EPC expertise spans power and industrial, infrastructure, downstream markets, oil and gas, LNG/GTL, and government and defense organizations

Power Sector: Generation, Transmission & Distribution

The Power Sector plays a vital role in providing reliable and sustainable energy resources to our society. NFCD recognizes the importance of this sector and has partnered with highly reputable channel partners who have extensive technical expertise in the power sector.

- Our channel partners excel in various areas within the power sector, including transmission and distribution works, substations, street lights, and solar energy. They have a proven track record of providing technical consultancy and research services with remarkable experience in the field of power transmission and distribution.
- Our partners specialize in offering comprehensive consultancy services for power projects. Their services include conducting surveys, executing projects, providing operation and maintenance support, estimating project costs, and offering energy-saving solutions.
- In addition to their expertise in consultancy services, our partners are well-equipped to handle large-scale projects. They have a team of skilled manpower and resources to ensure efficient execution of projects. With their extensive knowledge and experience, our partners are committed to delivering high-quality results within the power sector.
- By partnering with NFCD, our channel partners can leverage our expertise and resources to expand their service offerings and enhance their capabilities. Together, we strive to meet the evolving needs of our clients and contribute to the development of the power sector.

Renewable Energy

The NFCD is committed to playing a pivotal role towards a greener society. Recognizing the need and urgency to preserve our natural resources, NFCD is dedicated to promoting the adoption of renewable energy technology. Through modern, innovative, sustainable and cost-effective techniques, NFCD aims to convert the societies, establishments, and industries into smart outfits.

- **Solar Energy:** NFCD offers comprehensive solutions to harness the power of the sun. By installing solar panels, we can convert sunlight into electricity, reducing reliance on traditional energy sources. This not only reduces carbon emissions but also lowers energy costs.
- **Wind Energy:** NFCD recognizes the potential of wind energy as a renewable source of energy. By setting up wind turbines in suitable locations, we can generate clean and renewable electricity. The long-term cost savings and environmental benefits make this an attractive option for sustainable power.
- **Biomass Energy:** NFCD encourages the utilization of biomass energy, which involves burning organic matter such as wood, agricultural waste, or animal feces to generate electricity. This method not only reduces reliance on fossil fuels but also creates opportunities for the collection and recycling of waste.
- **Hydroelectric Power:** NFCD recognizes the significance of hydroelectric power as a clean and renewable source of electricity. By harnessing the power of flowing water and using dams or turbines, we can generate electricity without emitting harmful pollutants.

Solid Waste Management

NFCD is dedicated to playing a pivotal role towards a Society for Waste Management. With a focus on promoting sustainable practices and environmental conservation, NFCD recognizes the urgent need to establish a society that takes responsibility for the efficient management and disposal of waste.

- NFCD recognizes the importance of fostering a Society for Waste Management and actively engages in various activities to achieve this goal. Some key initiatives include:
- **Technical Assistance:** NFCD provides technical assistance to local governments and organizations to enhance waste management systems. This includes training personnel, designing appropriate infrastructure, and implementing effective waste management practices.
- **Research and Policy Advocacy:** NFCD conducts research and explores innovative waste management technologies. It advocates for policies and regulations that promote sustainable waste management and circular economy practices.
- **Partnerships and Collaborations:** NFCD collaborates with various stakeholders, including government institutions, international organizations, and private sector entities, to strengthen waste management efforts. By leveraging resources and technical expertise, NFCD aims to foster a Society for Waste Management with collective efforts.

IT & ITES: ERP & SCADA SYSTEM

ERP

- NFC D proudly houses an in-house development team that collaborates closely with its Associate Members. Together, they possess the expertise to design cutting-edge, secure, and user-friendly custom-built ERP modules. These modules leverage state-of-the-art software, encompassing not only ERP applications but also Scada systems and any other specific requirements.
- An Enterprise Resource Planning (ERP) Software or Module plays a pivotal role in managing a company's core business processes in real time. By harnessing software applications, it streamlines and enhances various business activities, ensuring efficient data collection, storage, management, and interpretation.

SCADA SYSTEM

SCADA (Supervisory Control and Data Acquisition) systems play a crucial role in the operation and management of Faecal Sludge Treatment Plants (FSTPs).

- SCADA systems provide real-time data on various parameters such as tank levels, pump status, and flow rates
- Operators can monitor and control the treatment process remotely, ensuring efficient operation and quick response to any issues
- This data is used for performance analysis, identifying trends, and making informed decisions to optimize the treatment process

E-Surveillance with IoT solutions

- NFCD offers comprehensive CCTV systems equipped with cutting-edge software support. These systems provide robust surveillance capabilities, ensuring security and monitoring across various settings such as offices, construction sites, and public spaces. The specialized software enhances features like motion detection, facial recognition, and real-time alerts.
- Our team collaborates with industry-leading vendors to deliver tailored solutions that meet specific security requirements. Whether it's high-resolution cameras, network video recorders (NVRs), or intelligent analytics, NFCD ensures seamless integration and optimal performance.
- Our offerings include 24/7 monitoring, alarm response, and incident management. By partnering with reliable vendors, NFCD ensures a comprehensive approach to security, allowing clients to focus on their core operations.

Project Management Consultancy & Technical Support

- Consultancy and technical support for LED street lighting and e-Surveillance involves providing expert guidance and assistance in the design, installation, and maintenance of LED street lighting systems and electronic surveillance networks.
- This includes assessing the specific needs of a location, designing a system that meets these needs, sourcing the necessary equipment, and overseeing the installation process. Once the systems are in place, ongoing technical support ensures they continue to function optimally and adapt to changing requirements. The goal is to create safe, well-lit, and secure environments through the efficient use of technology.
- This service is crucial for cities looking to improve their infrastructure, enhance security, reduce energy consumption, and improve the quality of life for their residents.

Manpower Outsourcing Solutions

Consultancy and outsourcing solutions for manpower supply projects involve providing expert advice and services to businesses that need to staff their projects. This can include a wide range of tasks, from identifying the right talent and skills for a project, to managing the recruitment process, to providing ongoing support and management for the workforce.

- Recruitment Services
- Staffing Solution
- Comprehensive Payroll Management
- Compliance and Reporting

These solutions can be particularly beneficial for businesses that do not have the resources or expertise to manage these tasks in-house. By outsourcing these tasks to a consultancy, businesses can focus on their core operations while ensuring that their projects are staffed by skilled professionals. This can lead to improved efficiency, cost savings, and better project outcomes. It's a strategic approach that combines the expertise of consultancy with the convenience of outsourcing.

Skill Development Training

Vocational Training is designed to equip individuals with practical skills and knowledge for specific careers. Our vocational training services include:

- **Skills Development:** We provide targeted training programs that focus on developing practical skills relevant to various industries. Our programs are designed to prepare individuals for successful careers and enhance their employability.
- **Certification Programs:** Our vocational training includes certification programs that validate skills and knowledge. Certifications enhance job prospects and provide recognition of expertise in specific areas.
- **Workplace Readiness:** We offer training that emphasizes workplace readiness, including essential soft skills, communication, and professional behavior. This training ensures that individuals are well-prepared to enter and excel in the workforce.
- **Career Counseling:** Our vocational training programs include career counseling services to help individuals identify career paths, set goals, and develop strategies for achieving their professional objectives.

NFCD
Believe in Growth

Artificial Intelligence/Machine Learning

NFCD, in collaboration with its Associate Members, possesses the expertise to develop automation solutions and robust automated monitoring capabilities. Here's a breakdown of the key components:

Artificial Intelligence and Machine Learning (AIML): AIML technologies enable intelligent decision-making by analyzing data patterns, predicting outcomes, and adapting to changing conditions. NFCD leverages AIML algorithms for various applications, including predictive maintenance, anomaly detection, and optimization.

Internet of Things (IoT): IoT connects devices, sensors, and systems to the internet, allowing seamless data exchange. NFCD integrates IoT solutions to enhance automation, monitor assets remotely, and improve operational efficiency.

- Transform CCTV feeds into Business Intelligence
- Save Hours of Manual Investigation efforts
- Prevent data security attacks
- Provide Unified Operational visibility
- Loaded with latest Gen AI models

Awarded Work Orders

Awarded Work Orders

- **The Ministry of New and Renewable Energy [MNRE],**

- Project Name: Maharashtra State Electricity Distribution Co. Ltd. (MSEDCL) under the Ministry of New and Renewable Energy [MNRE] had launched a scheme in the name of Kusum Yojana, for the benefit and upliftment of farmers by providing them renewable solar energy at efficient costs; to promote the growth of farming activities across the country.
- **The National Co-Operative Construction & Development Federation of India Limited (NFCD)** is spearheading the development, generation, and supply of electricity through 106 MW decentralized solar power projects. These projects will be established on PPA model at various locations across Maharashtra through his empanelled vendors.. The electricity generated will be fed into the 33/11 kv substations of Maharashtra State Electricity Distribution Company Limited (MSEDCL).
- Location: Maharashtra (**Estimated Cost of Work Rs. 445.2 Cr.**)

Awarded Work Orders

- **Ministry of Jal Shakti (Department of Drinking Water and Sanitation),**

- Project Name: Jal Jeevan Mission, is envisioned to provide safe and adequate drinking water through individual household tap connections by 2024 to all households in rural India.
- The Jal Jeevan Mission will be based on a community approach to water and will include extensive Information, Education and communication as a key component of the mission. The Jal Jeevan Mission will be based on a community approach to water and will include extensive Information, Education and communication as a key component of the mission. JJM looks to create a Jan Andolan for water, thereby making it everyone's priority.
 - **Location:** Ayodhya, Uttar Pradesh **(Cost of Work Rs. 127Cr.)**
 - **Location:** Barabanki, Uttar Pradesh **(Cost of Work Rs. 136Cr.)**

- **Uttar Pradesh Small Industries Corporation Limited (UPSIC),**

- Project Name: Construction of Common Facilitation Centre, Gautam Buddha Nagar, U.P.
(Cost of Work Rs. 25Cr.)

Awarded Work Orders

- **Ministry of Textile (NGTPPL),**

The National Co-operative Construction & Development Federation of India Limited (NFC D) is undertaking the project for Design, Engineering, Procurement, Construction, Commissioning, Testing, Trial Run and Performance Run of 5 MLD Common Effluent Treatment Plant (CETP). This project involves upgrading the Common Effluent Treatment Plant (CETP) in Pali, Rajasthan.

- Project Name: Upgradation of Common Effluent Treatment Plant from 3.1 MLD to 8 MLD of Nextgen Textile Park, Pali Rajasthan. **(Cost of Work Rs. 120Cr.)**

The NFC D involves the ongoing operations and management of the CETP in Pali.

- Project Name: Operations & Maintenance of Common Effluent Treatment Plant from 3.1 MLD to 8 MLD of Nextgen Textile Park, Pali Rajasthan. **(Cost of Work Rs. 20Cr.)**
- Project Name: Supply and Commissioning of Textile lab under “One District-One Product” Scheme at Greater Noida. **(Cost of Work Rs. 14Cr.)**

Awarded Work Orders

- **Goa State Infrastructure Development Corporation Limited (GSIDC)**

- Project Name: Construction of new Hostel block for Institute of Psychiatry & Human Behavior at Bambolim Goa. (Cost of Work Rs. 27Cr.)
- Project Name: Restoration of Serra Buildings located at Altinho, Panjim. (Cost of Work Rs. 30Cr.)
- Project Name: Construction of Infrastructure in relation increase of 50 MBBS seats in BRD Medical college, Gorakhpur, Uttar Pradesh . (Cost of Work Rs. 17Cr.)

- **Bharat Petroleum Corporation Limited (BPCL),**

- Project Name: Work of Civil & Structural Construction for De-Bottlenecking and Augmentation of Cryogenic Facilities – LPG import Terminal at Uran, Navi Mumbai. (Cost of Work Rs. 59Cr.)

- **Tata Projects Limited**

- Project Name: Upgradation of Electrical Infrastructure at multiple feeders in Gurgaon Under Smart City Projects. (Cost of Work Rs. 5Cr.)

Awarded Work Orders

- **Town and Country Planning Department, U.P, (Department of Housing & Urban Planning)**
 - Project Name: Atal Mission for Rejuvenation and Urban Transformation (Amrut Yojana) Providing basic services (e.g. water supply, sewerage, urban transport) to households and build amenities in cities which will improve the quality of life for all, especially the poor and the disadvantaged is a national priority.
 - The National Co-operative Construction & Development Federation of India Limited (NFC D) is undertaking a comprehensive project to construct Fecal Sewage Treatment Plants (FSTP) and co-treatment facilities across seven locations in Uttar Pradesh. Six locations have been completed and handover to the concern Department. Survey and Conditional Assessment, Design and Construction, Collection and Transportation, Disposal and Appurtenant Works, Handover and Maintenance.
 - Location: Meerut. (Estimated Cost of Work Rs. 2 Cr.)

Awarded Work Orders

- **Department of Cooperation,**
 - Project Name: Construction, Installation and Commissioning of Makka prasanskan Unit Boiler plant and Machinery at Condagao, Chhattisgarh. (Cost of Work Rs. 87Cr.)
- **Ministry of Urban Development (Swachh Bharat Mission),**
 - Project Name: Construction and Operation of Solid Waste Management and Bio-remediation at Bhopal, Madhya Pradesh. (Cost of Work Rs. 17Cr.)
 - Project Name: Construction of MRF Centre at NP Tambaur, Sitapur, NP Kanth Shahjahanpur, NPP Bahraich, NPP Kharkhoda, Meerut. (Cost of Work Rs. 16Cr.)
- **U.P. Rajkiya Nirman Nigam (UPRNN),**
 - Project Name: Construction of Transit Hostel (G+12) 02 Block, 01 Block In Police Line & 01 Block In Chiluvatal Thana Campus at Gorakhpur, Uttar Pradesh. (Cost of Work Rs. 25Cr.)

Awarded Work Orders

- **Ministry of H.R.D (Govt. of India),**
 - Project Name: Maintenance & Repair work at Jawahar Navodaya Vidyalaya Ballia, Balrampur, Raebareli, Lakhimpur, Mirzapur, Sonebhadra, Sambhal and Mahoba etc. (Cost of Work Rs. 11Cr.)
- **NBCC Project in association with Unique Infra Engineering India Private Limited,**
 - Project Name: Supply and Installation work for various items including HVAC, IT Infrastructure, Fire Fighting and CCTV for NBCC Project for Medical Colleges in Banswara, Nagaur and Dungarpur. (Cost of Work Rs. 11.99Cr.)
- **Ministry of Commerce (Govt. of India), SEEPZ-Special Economic Zone,**
 - Project Name: Structural Repairs & Allied Civil work for Industrial Buildings SDF-1-6 & GJ1-3 at SEEPZ SEZ, Mumbai. (Cost of Work Rs. 25Cr.)
 - Project Name: Structural Repairs at SEEPZ SEZ office, Mumbai. (Cost of Work Rs. 25Cr.)

Awarded Work Orders

- The Directorate of Local Bodies, Nagar Panchayat/Municipalities Uttar Pradesh,
 - The Nagar Panchayat/Municipalities , Uttar Pradesh, awarded work to The National Co-operative Construction & Development Federation of India Limited (NFC D) to complete the construction of **Material Recovery Facility (MRF) Centers** at four Nagar Panchayats/Municipalities. This project aims to enhance waste management and recycling capabilities in the region.
 - Assigned Locations: **(Total Cost of Work Rs. 1.3 Cr. + GST)**
 - Nagar Panchayat, Khakheru, District – Fatehpur, Uttar Pradesh
 - Nagar Panchayat, Ghosi, District – Mau, Uttar Pradesh
 - Nagar Panchayat, Madhuban, District - Mau, Uttar Pradesh
 - Nagar Panchayat, Rajapur, District - Kanpur Dehat, Uttar Pradesh

Completed Work Orders

Completed Work Orders

- **Town and Country Planning Department, U.P, (Department of Housing & Urban Planning)**

Project Name: Atal Mission for Rejuvenation and Urban Transformation (Amrut Yojana) Providing basic services to households and build amenities in cities which will improve the quality of life for all, especially the poor and the disadvantaged is a national priority.

The National Co-operative Construction & Development Federation of India Limited (NFCD) is undertaking a comprehensive project to construct Fecal Sewage Treatment Plants (FSTP) and co-treatment facilities across seven locations in Uttar Pradesh. This project encompasses several key components includes: Operation and maintenance of the entire system for a period of seven years. Survey and Conditional Assessment, Design and Construction, Collection and Transportation, Disposal and Appurtenant Works, Handover and Maintenance.

Location: Agra, Allahabad, Ghaziabad, Kanpur, Lucknow, Meerut, Varanasi

Financial Details:

- Work Order Cost: ₹13,18,51,580.91 (Thirteen Crore Eighteen Lakh Fifty-One Thousand Five Hundred Eighty Rupees and Ninety-one Paisa only), excluding GST.
- Additional Costs: CAPEX and OPEX will be paid extra as applicable, with GST being additional.

Completed Work Orders

- **Container Corporation of India Limited,**
 - Project Name: Civil work of Administrative Building, Warehouse and pavement work at DCT Nagulapalli, Andhra Pradesh. (Cost of Work Rs. 28Cr.)
- **Ministry of H.R.D (Govt. of India),**
 - Project Name: Electrical Work at Jawahar Navodaya Vidyalaya, U.P, (Cost of Work Rs. 16Cr.)
 - Project Name: Civil Work at Jawahar Navodaya Vidyalaya, U.P. (Cost of Work Rs. 12Cr.)

- **Ministry of Textile (NGTPPL),**

The National Co-operative Construction & Development Federation of India Limited (NFC D) is spearheading a significant solar energy initiative. This project involves the installation of a 3 MW solar power plant on an Engineering, Procurement, and Construction (EPC) mode at Nextgen Textile Park, located in Pali, Rajasthan. (Cost of Work Rs. 15Cr.)

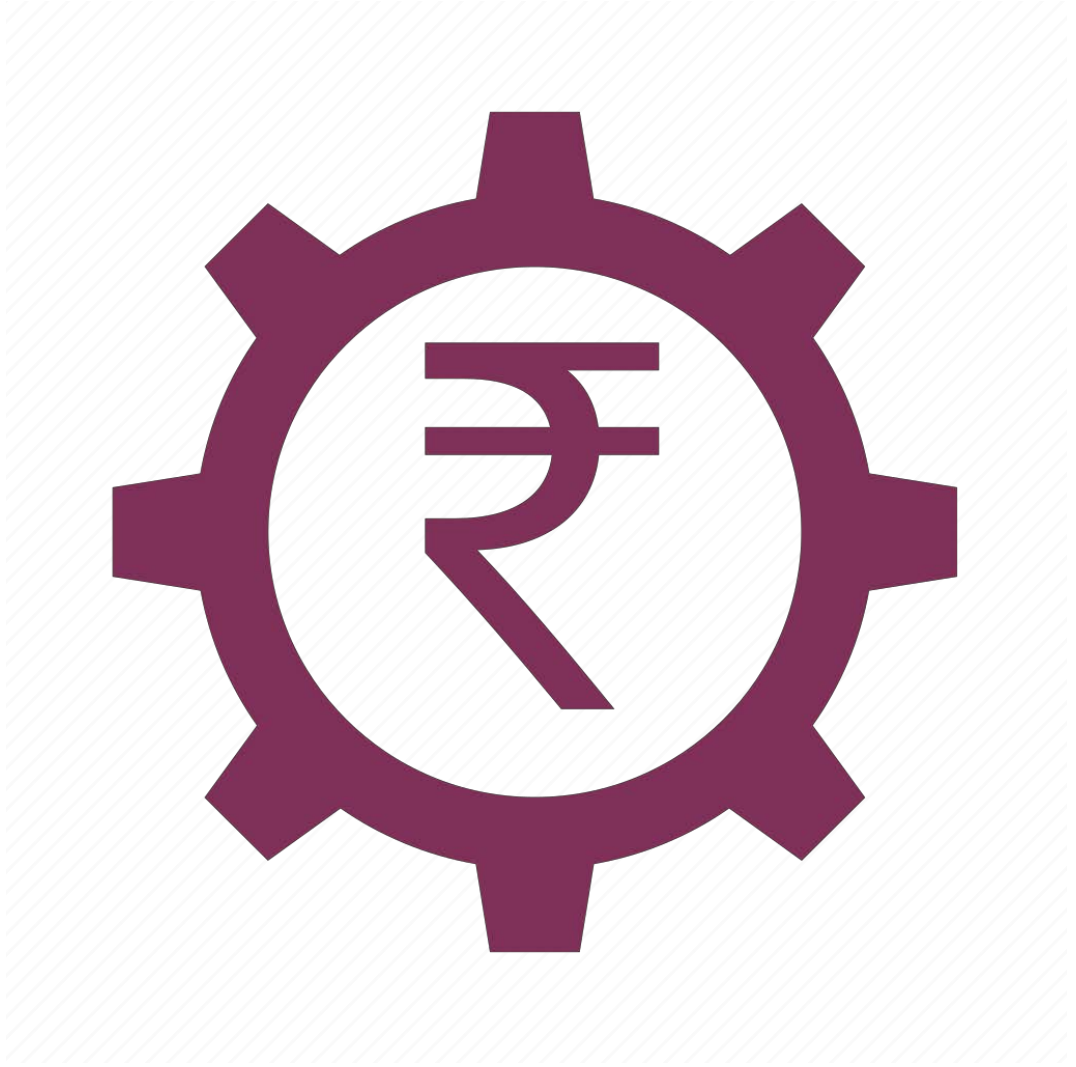

Completed Work Orders

Ministry of Commerce (Govt. of India),

- Project Name: Structural Repairs & Allied Civil Works for Industrial Buildings SDF1-6 & GJ1-3 at SEEPZ-SEZ Area, Andheri (E), Mumbai –400096, Maharashtra. (Cost of Work Rs. 4Cr.)
- Project Name: Water Proofing Treatment for Roof Slab for Industrial Buildings and civil work for SDF1-6 & GJ1-3 at SEEPZ-SEZ Area, Andheri (E), Mumbai – 400096 (Cost of Work Rs. 3Cr.)
- Project Name: Supply and Installation water supply scheme, sewerage, cleaning of storm water at SEEPZ, Mumbai. (Cost of Work Rs. 2Cr.)
- Project Name: Structural Repairs & Allied Civil Works for Industrial Buildings SDF1-6 & GJ1-3 at SEEPZ-SEZ Area, Andheri (E), Mumbai –400096, Maharashtra. (Cost of Work Rs. 25 Cr.)
- Project Name: Trunkey consultancy solution for existing green campus including green rating award certification facilitation process under IGBC rating system for green campuses Pilot Version and total sustainability advisory for SEEPZ SEZ Campus. (Cost of Work Rs. 15Cr.)

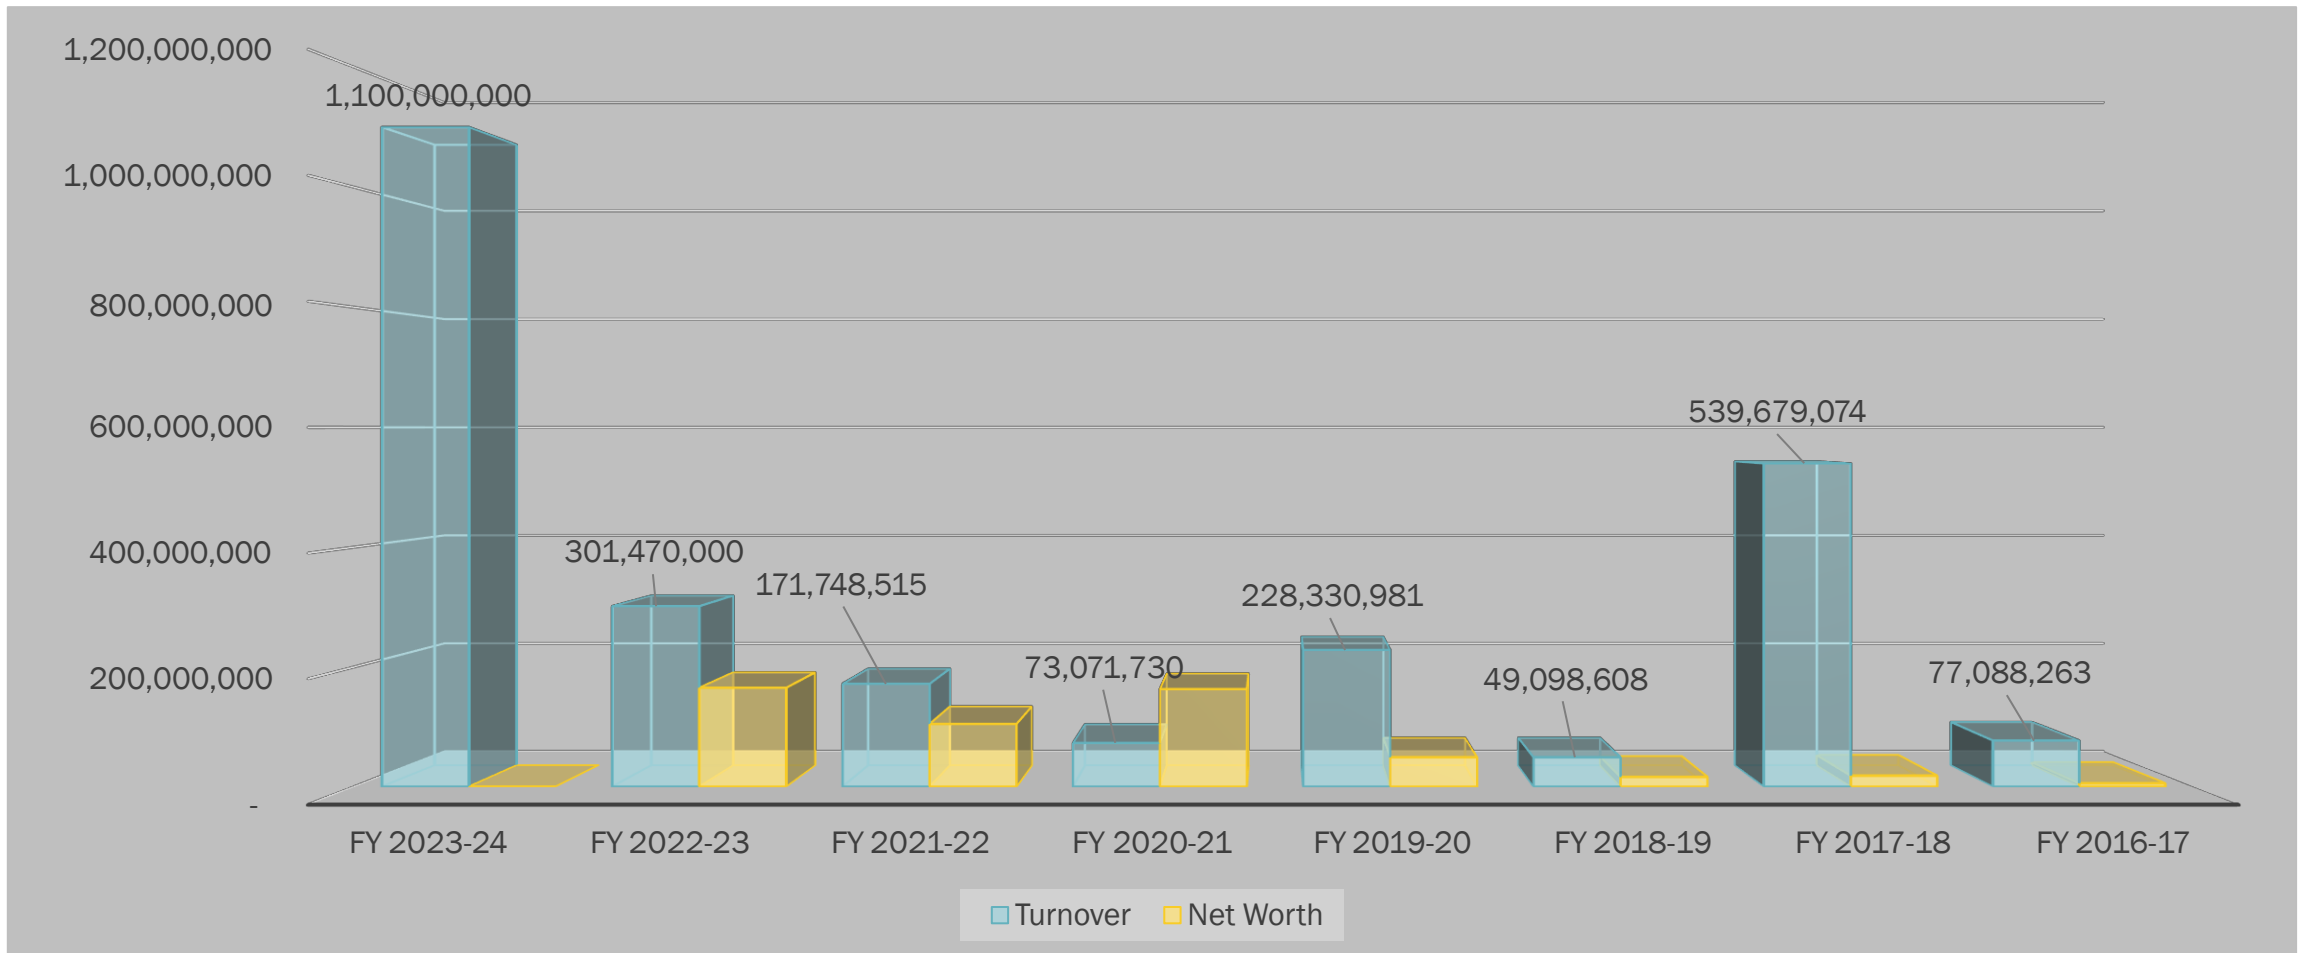

Completed Work Orders

- Project Name: Structural repair at SEEPZ SEZ of Premises at Mumbai –400096, Maharashtra. (Cost of Work Rs. 76Cr.)
- Project Name: Renovation of Existing Conference Hall at 2nd floor Service Centre Building at SEEPZ-SEZ Area, Andheri (E), Mumbai – 400096, Maharashtra. (Cost of Work Rs. 68Cr.)
- **U.P. Rajkiya Nirman Nigam (UPRNN),**
 - Project Name: Construction of multipurpose hall at Tarnaka, Hyderabad. (Cost of Work Rs. 16Cr.)
 - Project Name: Supply and Fixing, testing and Commissioning of Chillers, Cooling towers, AHU's, pumps and allied work for the air conditioning at NCLAS Animal facility building phase-II at Tarnaka, Hyderabad. (Cost of Work Rs. 27Cr.)
- **National Company Law Tribunal NCLT,**
 - Project Name: National Chemical Laboratory & Research Building at Pune, Maharashtra. (Cost of Work Rs. 11 Cr.)

A groundbreaking ceremony was held on 09-Aug-2024 in the village of Khosra for the establishment of a Biogas Plant. NFCD LTD. plays a crucial role in managing this project. The project management team includes Shammi Ranjan Singh from NFCD LTD., Sandeep Goyal from Rochem, and Sumit Kumar from SZS.”

The objective of this project is to promote green energy in rural areas and ensure the proper utilization of organic waste for digestion. The National Cooperative Construction & Development Federation of India Limited (NFCD LTD.) have undertaken the responsibility to skillfully and timely complete the construction work for this project. Rochem Separation Systems will utilize state-of-the-art German engineering and technology in biogas production in this plant, ensuring it meets international standards. Additionally, SZS (Sustainable Zero Solutions) is also involved as a partner in the project."

Top National & International Models participate in 'Global Runway Fashion Week'

OUR CORRESPONDENT

LUCKNOW: NFCD Limited and Green View Solar Solutions Private Limited came together to host the spectacular 'Global Awards of UP-2024' and 'Global Runway Fashion Week'. The event showcased national and international models strutting the runway in stunning outfits designed by the talented students of Government Polytechnic Lucknow, blending glamour with home-grown creativity.

The event took place on Saturday at The Regnant Hotel in Nirala Nagar, Lucknow, under the leadership of organizer Samarendra Pratap Singh (Executive Director, NFCD). Various distinguished personalities who have made significant contributions in different social fields were honored at the ceremony.

Additionally, underprivileged children from slum areas also participated in the fashion show, showcasing their remarkable talents. The chief guest of the event was Padmaja Chauhan (IPS), Additional Director General of Police. Special guests included Archana Gaharwar (IAS), Ruchita Choudhary (IPS), Ratnesh Singh (Director of Finance), and Anil Singh, hon-

ored with the Gomti Ratna Award, former manager of National Degree College Lucknow, and currently a member of the working committee at Rajasthan Vidyapeeth University, Udaipur. The event was further graced by the presence of representatives from prominent institutions, leading social workers, and famous artists.
